

SAVE ST.GILES

Your village is under threat!!

You have until **5pm Mon 14 March** to take action!

The hatched area shows a 'potential' development of up to **500 NEW HOUSES** in the centre of the village on land classified as **GREEN BELT** in the heart of the Misbourne Valley.

What does this mean?

- A village population increase of up to 30% with consequences on schools, services, traffic and roads.
- Building on a flood plain against Environment agency recommendations
- Downgrading of our precious Green Belt and An Area Of Outstanding Natural Beauty when more suitable land exists for expansion.

What you need to do now.

1. Other villages are aware of this and are more organised
2. Visit www.savestgiles.com for more info
3. Email chalfontstgilesinfo@gmail.com to join our mailing list and receive updates
4. Like the facebook page: www.facebook.com/savestgiles
5. Pass this information to friends and neighbours.
6. Oppose this plan and **SAVE YOUR VILLAGE**

You Must fill out a simple questionnaire and submit it to CDC by 5pm Mon 14 March.
